Softleaves Round E100 Silicone Breast Forms are Very High Quality Full Silicone Breasts

Features & Benefits :

- *Designed as enhancers for women with flat chest (very small or no breasts).*

- Round shaped with a concave (hollowed inward) back to match the curves of the chest cage giving perfect fit and comfort; therefore providing the feel and look of having large breasts.
- Symmetrical shape, therefore, both breasts can be used on either the left or right side .
- Undetectable , as they bounce, shape, and feel natural due to the ultra-soft silicone material which is encased in a thin polyurethane layer, providing the same homogeneous structure as the natural breast.
- Designed to be used with almost any bra .
- Easy placement, durable, water proof and warm up to the body temperature .
- Double side adhesive tapes and most attachments can be used with these breasts.
- The breast forms have their own nipple impressions as can be seen in the photos , you can also select the nipple color (the pink nipples are very realistic as can be see in the photos, however, the flesh nipples are just a nipple impression on the breast forms that have the same color of the breast form as can be seen in the photos) .
- Two extra breast pads will be provided to be used, if you do not want the breast in direct contact with your skin.
- This listing offers you the choice to select the breast forms with or without silicone straps , the silicone straps are firmly attached to the breast forms giving you the option to wear the breast forms as simple as wearing a bra and you will not need to use a bra with them .

Breast Size :

Softcare Silicone UK Breast Form Conversion Table

To find the Softleaves breast form size that is suitable for you , please kindly look for your bra size on the conversion table below. You can find the corresponding breast form size on the left column of the table.

Example: If your bra size is 42B you will require a size 8 breast form

The horizontal row shows the cup size (bust size) , and the vertical column shows the band size .

What will you receive?

1- One Softleaves® Round E100 Silicone Breast Form.

Please select the Breast size ,Breast colour , Nipple colour from the drop box at the top of this page.

2- A pair of fabric breast pads.

3- A high quality box to protect the breast forms after use.

4- One breast cover to be used if you dont want the breast form in direct contact with the skin .

Please note that the item will be sent in discreet packaging .

Instruction for use:

For breast forms without attached straps :

Place the silicone breasts in a suitable bra, then wear the bra, the breasts will mold to your chest curvature.

Use Softeaves double sided adhesive tape (found in the accessories section) to attach these breast forms to the skin.(make sure you place sufficient tapes to cover the breast form to avoid sudden release and damage to the skin and forms- always using a bra to support the forms is recommended).

Taking Care of your Silicone Softleaves Round E100 Breasts :

- *After use, keep the breasts in their box.*
- *Hand wash with warm soapy water*
- .- *Allow to dry naturally or use a hair dryer on a low temperature setting*
- .- *Keep away from excessive heat.*

Please also visit our Softleaves Shop for a full range of high quality silicone breast care products and accessories specially designed for this item (double side adhesive tapes , silicone nipple enhancers, silicone bra ,and covers) .

please kindly not that our accessories are specially designed for our Pinkwaves and Softleaves breast enhancers and might not work for other kinds of breast enhancers available on the market, as our accessories and enhancers are made from very high quality materials and are especially designed to work perfectly when used with each other, for example, our softleaves double-sided adhesive tape will peel of the silicone breast enhancers without effecting our enhancers , while if used with other low quality products , it might damage them.

RRP : 70-240 GBP (this item is on offer for the above low price for a limited period of time)
