Please also visit our Softleaves shop for other colours and for a full range of high quality silicone breast care products and accessories specially designed for this item (double side adhesive tapes , silicone nipple enhancers, silicone bra,and covers) .

please kindly not that our accessories are specially designed for our Pinkwaves and Softleaves breast enhancers and might not work for other kinds of breast enhancers available on the market, as our accessories and enhancers are made from very high quality materials and are especially designed to work perfectly when used with each other, for example, our softleaves double-sided adhesive tape will peel of the silicone breast enhancers without effecting our enhancers , while if used with other products , it might damage them.
