This sale is for one clear transparent and elastic Softleaves silicone sheet , available in a wide range of sizes , please select the size that you like from the drop box at the top of this page.

### *Features and Benefits*

- Made from high quality silicone .
- Clear ( No Color).
- Transparent .
- Elastic .
- Water proof . .
- Odorless .
- Very durable .
- Excellent chemical resistance .

- Excellent compression resistance .
- Will temporary stick to most keyboards and surfaces due to its microthin thickness .
- Easy to fabricate, cuts cleanly, and accepts silicone sealant adhesive without surface preparation.
- Will not become brittle and crumble and is non-corrosive to metal .
- Washable by soap and water .

*Applications :*

- PC Keyboard Cover, Will temporary stick to most keyboards , simply place it on your PC keyboard and use the keyboard as normal, the sheet isTransparent and elastic , therefore, will not effect the easy of using your keyboard.
- Piano , phone or mobile cover : you can cover your piano , mobile or phone with the silicone sheet and use them as normal due to it been a clearTransparent and elastic sheet.
- Cover for your TV , radio....
- Can be used for other applications where a soft elastic waterproof silicone sheet is needed.

How to use:

Simply peel off the silicone sheet from its protective liner and place the same side on the object that you want to cover ( keyboard, phone, piano or anything you want to cover ... ) , cut to size if needed .

When using it as a PC Keyboard cover :

Peal off the silicone sheet from its protective cover andplace that side of the sheet on your keyboard , the silicone sheet will stick to your keyboard, then use your keyboard as normal due to the softness, elasticity and transparency of the sheet , you will not feel that its on your keyboard . .

*Care Instructions:*

Wash with soap and warm water .

*Size :*

The silicone sheet is available in seven sizes to selects from, simply select the size ( or sheet code) from the drop box at the top of this page .
