## Softleaves Tear Drop Complete Silicone Breasts

Price per Unit (piece): £180.00

A pair of Softleaves™ Teardrop, Full Silicone Breasts, made in England by Softcare Silicone UK Ltd together with two high quality softleaves™ silicone nipples (in light or dark color)

Designed as breast enhancers for flat chest (very small or no breasts.)

Teardrop shape to match the curves of the chest cage giving perfect fit and comfort; therefore providing the feel and look of having large breasts.

Bounce and feel similar to normal breast due to the ultra-soft silicone gel which is encased in a micro-thin polyurethane layer, providing a similar homogenous structure to natural breast.

Designed to be used with almost any bra.

Easy placement, durable, water proof and warm up to the body temperature.

The breasts are very big ,weight of each side is about 365gr a total of 730 gr for both sides.

The breasts come in a simple discrete plain packaging.

Instruction for use:

Place the silicone breasts in a suitable bra, then wear the bra, the breasts will mould to your chest curvature. Not for medical use.

Taking Care of your Silicone Teardrop breasts :

- After use, keep the breasts in their box.
- Hand wash with warm soapy water.
- Dry gently with a soft material, do not use a dryer.
- Keep away from excessive heat.
